Com on!

I'm calling a cab and your shaking your ass,
Your body's moving and I'm dying slowly,
Even though I'm your friend I don't want this to end
Cause I'm addicted to all the pain you give me

[Bridge]

And I think I really hate you, you think I'm always lying
this time there's something wrong but I wont tell you I
can't tell you no

[Chorus]

Not at the time not a the place not at the reason for this
to go down not here not now not here not now not here
not now, not at the time not at the place not at the
reason for this to go down not here not now not here
not now

Lets talk for a while I'll try not to smile your a devil in
angels clothing I'm so out of breath gotta scare you to
death this is it an u no is coming

[Bridge]

I think I really hate you, you
Think I'm always lying
This time there's something wrong
And I wont tell you I can't tell you no!

[Chorus]

Not at the time not at the place not at the reason for
this to go down not here not now not here not now
Not at the not at the place not at the reason for this to
go down not here not now not here not now

If we're guna do this ima need another drink
I think that I hate you like I said that's what I think
All I know is right now
I'm way to high
And I'm tryna come down
If we're guna do this ima need another drink
I think that I hate you like I said that's what I think
All I no is right now

I'm way to high
And I'm tryna come down

Gimme a minute to breath
I'm coming back but for now I gota leave you see this is
a game so,
Don't be mad if I forget your name is like
Gimme a minute to breath
I'm coming back but for now I gota leave you see this is
a game so
Don't be mad if I forget your name

Not at the time not at the place not at the reason for
this to go down not here not now not here not now (x4)
