Hey, hey
Hey, hey

Come on, don't feel this way
You're only gonna solve this for one day
You wanna get high and then complain
Girl, I only think of you always and forever
And forever

Remember when you just came out
When everyone knew what you were all about
You faked your death and that was fun
But girl, I think it's just begun

You take another line
And you'll feel fine this time
And it goes like this, girl

Girl, and tell me what to do
Girl, I'm so in love, whoa
I'm so in love with you, you, you

I'll just stop
Right when things get bad
You said that and much has passed
Come on now, this'll be real fast
Darling, I know you need the cash

Yeah, move like that
Yeah, yeah, yeah, move like that

The sky will clear, you say with ease

You leave real fast to get relieved
Your heart was locked, I had the key
Now this disease won't let us be

You take another line
And you feel fine this time
And it goes like this, girl

Girl, and tell me what to do

Girl, I'm so in love, whoa
I'm so in love with you, you, you
Oh, oh

Come on, girl, I need you
(Just, just to try to break through)
Everything about you
(Makes me wanna leave you)

Come on, girl, I need you
(Just, just to try to break through)
Everything about you
(Makes me wanna leave you)

Girl, and tell me what to do
Girl, I'm so in love, whoa
I'm so in love with you, you, you
Oh, oh

Girl, and tell me what to do
Girl, I'm so in love, whoa
I'm so in love with you, you, you
Oh, oh

Everything about you
Makes me wanna leave you
