Farah
Now that we're here
Can you tell me
Exactly how I should have done?
Farah
Drives with her eyes closed
Do you ever
Inflict unwanted memories?

I know you
And I know it won't take you long
To make me smile

Farah
Angelic girl
I'll have you know
It's you and me potentially
Farah
Don't pull the carpet
From under me
Indifference is killing me

Am I wry?
Oh my! Fallacy!
Fallacy in my words
Am I wry?
I know you
And I know you're not afraid
To say the least

Diamond ring
Diamond ring
But you can't find it
Cold is the night
