In the ground

In the ground

Doggies bury bones

Albert found

And passed around

Albert don't you be afraid

I'll be there, waiting...

I can hear you barking at me

Outside my door

But I already took you to the park

And you saw pigeons there

In the ground

In the ground

Doggies bury bones

Albert found

And passed around

Albert don't you be afraid

I'll be there, waiting...
