Halfway through
Flight there to
Where will you go?
Falling down
On the ground
Where will you go, now?
Do you remember
What made you fall?
And does it matter
To you at all?

You wanna go, you wanna see
What lies could set you free
You wanna see, right?
You'll know this night

Halfway through
Flight there to
Where will you go?
It's a nice way, I think
To wake up with you

You cannot see them
When it is light
This is the reason
We go at night
In the darkest flight of my career
I am made blue all through
On my dark descend I persevere
I am thinking of you

Halfway through
Flight there to
Where will you go?
Falling down
On the ground
Where will you go, now?

It's a nice way, I think
To wake up with you
It's a nice way
I'm seperated from you

It's a nice way, I think
To wake up with you
It's a nice way
