"Her Voice Is Beyond Her Years"

If I could look you in the eyes
If I could look you in the eyes
Her voice is beyond her years
She's trying to move you
She did not know where to go
And soon it was dark

If I could look you in the eyes
If I could look you in the eyes
I couldn't let you go
I couldn't let you go

Her voice is beyond her years
Please try not to move her
At least it was her mistake
Hers alone to make

If I could look you in the eyes
If I could look you in the eyes

In the morning I can see you
Can you see me when you're talking?
Even your lies will do
