When I call you up - always think twice.
I've been gathering - the eminent flies.
There are times when I - call you up twice.
No more saying what - with all of your ties.

I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.

(Instrumental)

I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you

(Instrumental)

I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you.
I should have been a tsin-tsi for you
