Soft sheets, what's this about?  
Inside your mahogany Cyprus  
As long as we're me and you  
We should not lose terrain  
When we're young, we get seasick  
On your seven

Get off cheap, that sits with her  
And the warmth of it splatters  
We all can wring her neck  
First, we gain new terrain  
When we're young, we get seasick  
On your seven

We're upset, real tush  
Ooh, why I sneeze like no one  
Like most, you snip

Soft sheets, what's this about?

As long as we're me and you  
We should not lose terrain  
When we're young, we get seasick  
On your seven
