Little mistake
Say you miss me
Say you're sorry
Be on my side
Don't waste your pride
Say you're sorry

I know something that you don't know
I will tell you if you want me too
And when someone walks in here
You will tell them what you know, my friend

Little mistake
Say you miss me
Say you're sorry
Be on my side
Don't waste your pride
Say you're sorry

Did I care for you?
And I know it's you
Cause I know something you don't want to know
I should shut up but I can't
Please don't beg me not to tell you
I need you to understand

Little mistake
Say you miss me
Say you're sorry
Be on my side
Don't waste your pride
Say you're sorry

Little mistake
Say you miss me
Say you're sorry
Be on my side
Don't waste your pride
Say you're sorry
