Don't touch her there, she's blindfolded
She remembers on the bus

Into my heart, don't remember
Like you left us without notice
Now you've come back, like you left us
Like you owe us into my heart

It's not me, it can't be
It's not you, I can't do
What I do if it's you
This is not happening

Don't touch her there, she told me
She remembers how it felt
Into my heart, don't remember
Like you left us, without notice

It's not me, it can't be
It's not you, I can't do
What I do if it's you
This is not happening

It's not me, it can't be
It's not you, I can't do
What I do if it's you
This is not happening

Come home, come home

It's not me, it can't be
It's not you, I can't do
What I do if it's you
This is not happening

It's not me, it can't be
It's not you, I can't do
What I do if we're through
This is not happening

Don't touch her there, he watched her
She knew his look from behind

When she came home for Christmas
