You're everything to me.
Celebrate the one you love,
The way you are to me.

Thinking about everything.
Why did you stop?
You don't know what it's like.

Isn't that how it goes,
When you're lovesick?
Thinking about everything.

Don't you know sometimes,
When it feels like someone put a hex on you?
Well, I felt like that.
I was blaming myself.
I was cushioning my fall.

Hold my arms back when they beat me,
Leave me in the ditch where they kick me,
Sever my limbs and deceive me.

Sometimes life isn't easy.

Here we go.
Here we go.
I'm surprised in you,
Here we go.

Beside you,
I'm like you.
I'm lost in your doubt,
Sprawling, sprawling, sprawling.

Hold my arms back down when they beat me.
(Hold my arms back, try)
(I promise you...)
Water rise.

Don't you know sometimes,
When you can't see no end
To the tricks we play?

Sometimes life isn't easy.

Here we go.
Here we go.
I'm surprised in you,
Here we go.

Beside you,
I'm like you.
I'm lost in your doubt.

Here we go,
Here we go.
I'm surprised in you,
Here we go.

Beside you,
I'm like you.
I'm lost in your doubt.
Sprawling, sprawling, sprawling.

Safety net,
I regret
I am shaking.
We move along
I am shaking
