

Mew "Succubus"

Visit "[Succubus](#)" on [MotoLyrics.com](#)

In your compartment
I'm sorry under a time machine
A silhouette of someone

Light hits your curtains
I'm leaving but
With a certainty
That I will meet you again
In dreams

For you sake
I still escape
Time and time
Again

Will you be
My succubus?
Till I wake up?

Inmansipation
I'm sorry we were the none-knew-that
And you have met with your love

In your compartment
I'm freezing
There is a window
Somebody broke it
From the inside

For you sake
I still escape
Time and time
Again

Will you be
My succubus?
Untill I wake up?
