"Against My Will"

How do you feel
You don't look at each other anymore
And you think I don't notice
Where am I supposed to go now
What were you thinking
Tell me to my face
Tell me why everything is breaking down
It's bringing me down

It's against my will
It's against any sense
Why do you have to separate
Change your names?
Our end has come and you
Don't mention it in front of me
I hate you for this
It's against my will

Have you already forgotten
How it used to be?
Have you already
Burned all our pictures?
I'm barricading my windows
I'm locking my door.
I don't want you to see
That I can't handle this
I'm not going to put myself
Though your world anymore

It's against my will
It's against any sense
Why do you have to separate
Change your names?
Our end has come and you
Don't mention it in front of me
I hate you for this
It's against my will

Spare me your lies
I don't want to hear
Them anymore
You don't need to promise me

The last bit of love
I don't want to bother
You any longer
You're bringing me down

It's against my will
It's against any sense
Why do you have to separate
Change your names?
Our end has come and you
Don't mention it in front of me
I hate you for this
It's against my will
