Automatic
(Automatic, automatic, automatic)
Automatic
(Automatic, automatic, automatic)

You're automatic,
And your heart's like an engine
I die with every beat
You're automatic,
And your voice is electric
Why do I still believe?

It's automatic
Every word in your letter
A lie that makes me bleed
It's automatic
When you say things get better
But they never...

There's no real love in you
There's no real love in you
There's no real love in you
Why do I keep loving you

It's automatic,
Counting cars on a crossroad
They come and go like you
It's automatic,
Watching faces I don't know
Erase the face of you

It's automatic
Systematic
So traumatic
You're automatic

There's no real love in you
There's no real love in you
There's no real love in you
Why do I keep loving you

Automatic

(Automatic, automatic, automatic)
Automatic
(Automatic, automatic, automatic)
Automatic
(Automatic, automatic, automatic)
Automatic
(Automatic, automatic, automatic)

Each step you make
Each breath you take
Your heart. Your soul.
Remote-controlled
This life is so sick
You're automatic to me

(There's no real love in you)
(There's no real love in you)
There's no real love in you
There's no real love in you

There's no real love in you
There's no real love in you
There's no real love in you
Why do I keep loving you?

Automatic (automatic)
(There's no real)
Automatic (automatic)
(Love in you)
Automatic (automatic)
(Why do I)
Automatic (automatic)
(Keep loving you?)
Automatic
