How do you think I feel  
You dont look at each other anymore  
And you think I don't notice  
Where am I supposed to go now  
What were you thinking  
Tell me to my face  
Tell me for what - everything is breaking apart  
It's bringing me down

Its against my will  
Its against any sense  
why do you have to seperate  
change your names?  
Our end has come  
And you dont mention it infront of me  
I Hate You For This  
Its Against my will

Have you already forgotten  
How it used to be  
Have you already burned our pictures  
I'm baricading my windows  
I'm locking my door  
I dont want you to see that I cant handle this  
I'm not going to put myself through your world  
anymore  
Its bringing me down

Its against my will  
Its against any sense  
why do you have to seperate  
change your names?  
Our end has come  
And you dont mention it infront of me  
I Hate You For This  
Its Against my will

Spare me your lies -  
I dont want to hear them anymore  
You dont need to promise me  
The last bit of love  
I dont want to bother you anylonger

You're bringing me down  
Against my will

Its against my will  
Its against any sense  
why do you have to seperate  
change your names?  
Our end has come  
And you dont mention it infront of me  
I Hate You For This  
Its Against my will
