From today the days are only half as long  
There's nothing left to laugh about  
Yesterday was a hundred thousand years ago  
None remembers it tomorrow  
There will be no clocks but a countdown instead  
The sun shines at night as well  
Live Sorry but i was just contemplatin'  
But for that there's really no time  
The No time  
No time  
No time

Live the second  
Here and now  
Second Hold it tight  
Live the second  
Here and now  
Hold it tight  
Or else it's gone  
Or else it's gone

From today there's a new world ev'ry day  
Planets are on sellout  
The complete galaxy is calmed down  
And the time is dashing off  
Just fuck yesterday and bring the present to ya mind  
Before you have forgotten it

Sorry but i was just contemplatin' it  
But for that there's really no time  
No time

Live the second  
Here and now  
Hold it tight  
Live the second  
Here and now  
Hold it tight

The time runs  
The time runs  
The time runs

Hold it up  
Time runs  
Time runs  
Time runs  
Time runs  
Time runs  
The time runs

Live the second  
Here and now  
Hold it tight  
Live the second  
Live Here and now  
Hold it tight  
Or else it's gone  
The Or else it's gone  
Time runs  
Hold it tight
