Gas and blood
Is all I've got
In you I trust
The final exit's
passing by
The wheels run free
Under me
It's you I feel
A million sparks
are falling down
I turn the wheel around

Kiss me goodbye
Into the light
Like a phantomrider
I'm dying tonight
So dark and cold
I drive alone
Like a phantomrider
Can't make it all on my own

Promises
I scratched so deep
In your empty seat
The sky is turning upside down
I turn the wheel around

Kiss me goodbye
Into the light
Like a phantomrider
I'm dying tonight
So dark and cold
I drive alone

Like a phantomrider
Can't make it all on my own
Can't make it all on my own

I don't know your name
But still believe
Now it's time
for you and me

Time for you and me
Time for you and me

Now I'm here
No more fears
Angel, don't you cry
I'll meet you on
The other side

Goodbye
Into the light
Like a phantomrider
I'm dying tonight
So dark and cold
I drive alone
Like a phantomrider
Can't make it all on my own
Hey! I'm here
With you
I am here, here
Leave me alone
Phantomrider
Always die on their own
