You think it's all so important  
All right, it's what you say again  
I know you are more than perfect  
Believe and I'll believe you than.  
Move back, than moving forward  
Okay, there's got to be a way  
Stand still, otherwise it's over  
run on but don't you run away

My head is full of nothing  
see the shadows passing by  
one thousand diagnoses  
Yeah, yeah, okay

we are here tonight  
leave the world aside  
I see you shining bright  
Raise your hands together  
Chaos all around  
Why we're going down  
Let's stop fearing now  
Raise your hands together  
All together

You say you can come with me  
Don't doubt, don't you dare  
Whatever's gonna happen tomorrow  
with your plan we're prepared

My head is full of nothing  
see the shadows passing by  
one thousand diagnoses  
Yeah, yeah, okay

we are here tonight  
leave the world aside  
I see you shining bright  
Raise your hands together  
Chaos all around  
Why we're going down  
Let's stop fearing now

Raise your hands together

We are here tonight  
Raise your hands together  
I see you shining bright  
Raise your hands together  
Chaos all around  
Let's stop fearing now

All right, I'm fine, never mind  
we are here tonight  
leave the world aside  
I see you shining bright  
Raise your hands together  
Chaos all around  
Why we're going down  
Let's stop fearing now  
Raise your hands together

We are here tonight  
I see you shining bright  
Raise your hands together  
Chaos all around  
Raise your hands together  
Let's stop fearing now  
Raise your hands together

All together  
Raise your hands together
