You are what I don't wanna be  
You rather be dead than being Bill  
So you too - You don't have to thank me  
I got no idea what it is  
What makes me sick when you're there  
Damn asshole do not take it personal

I don't talk such shit like you do  
I don't go for the same bands like you do  
That is okay with me  
But do me only this one favor

Please let's keep on to not stay friends  
I prefer that we don't like each other  
Never have the same opinion  
Is better to brown-nose each other  
Let's please keep on to not stay friends

That is also okay with you  
Isn't it  
Without guys like you and me  
It would be humdrum

I have to see you every day  
And the others who do understand  
You are the coolest among complete idiots  
Rivetchains and tatoo

Mummy endorsed all of that  
In return you wear daddy's long johns

I don't wear such shit like you  
I don't go for the same girls like you  
That is okay with me  
But do me only this one favour

Please let's keep on to not stay friends  
I prefer that we don't like each other  
Never have the same opinion  
Is better to brown-nose each other  
Let's please keep on to not stay friends

That is also okay with you  
Isn't it  
Without guys like you and me  
It would be so humdrum

Don't act so nice else you'll really get  
I still got a well-ment advice for you

Please let's keep on to not stay friends  
I prefer that we don't like each other  
Never have the same opinion  
Is better to brown-nose each other  
Let's please keep on to not stay friends

Please let's keep on to not stay friends  
I prefer that we don't like each other  
Never have the same opinion  
Is better to brown-nose each other  
Let's please keep on to not stay friends

That is also okay with you  
Isn't it  
Without guys like you and me  
It would be so humdrum

Stay not friends  
Stay not friends at all  
Stay not friends  
Stay not friends at all
