My best sin
Is walking through the door
I'm hurt severely
And addicted to you
I'm feeling

Obsessed
And lost
Forgotten
Like never been born
Tearing apart your diary
I don't find myself
Even if I search
Because

There'll be nothing after you
And I'm cursing our first day
There'll be nothing after you
And everything new is getting me down
There'll be nothing after you
I don't want that
You are, you were and
Will never be again
Everything
I hate you

You are like a nightmare
That is dreaming me
Have forgotten to quit
Playing your game
I am

Obsessed
Of your curse
Forgetting (or forgotten, it's the same word, but means
sth. different)
I've tried
Tearing apart your diary
I don't find myself
Even if I search
Because

There'll be nothing after you

You are, you were
And will never be again
Everything

I am, I was
And will never be again
Happy

Let me be
Abandon me
Eventually
I hate you
There'll be nothing after you
