We're looking out from the window  
Like forces are fighting  
We look at each other and we know  
We don't have to say anything

Anything can come  
Even the biggest storm  
Cannot take us away from here  
Everything is so honestly perfect

We lock ourselves away  
We lock ourselves away  
Until time forgets us  
Until time forgets us  
Until you miss the last day

Looking out from the window  
A glance caught me  
And we started the rest of our lives

We broke the key  
We hid within ourselves  
Everything is so honestly perfect

We lock ourselves away  
We lock ourselves away  
Until time forgets us  
Until time forgets us  
Until you miss the last day

I know non of us gonna go  
You are the last way

We lock ourselves away  
We lock ourselves away  
Until time forgets us  
Until time forgets us  
Until time forgets us  
Until time forgets us  
Until you miss the last day
