You're ever getting up on time
Oversleep askin' us what's crackin'
I see somethin' that you don't see
Look you what's written on our jackets
'Scuse me you constrain us
We have to move on

We are young and no more youth-approved
I am sorry I know we shouldn't
But we'll start to live already
We are young and no more youth-approved
No You'll realize that all of us thwart you
We'll start to live already
More
You ever look straight on
Didn't see us approachin'
Hello you got a problem
'Cause we take over the commando
'Scuse me you constrain us
And we have to move on

We are young and no more youth-approved
I am sorry I know we shouldn't
But we'll start to live already
We are young and no more youth-approved
You'll realize that all of us thwart you
We'll start to live already
We are young and no more,
Young and no more,
Young and no more youth-approved
We are young and no more,
Young and no more,
Young and no more youth-approved

We are always what is currently waste
That's just sad
But meanwhile I don't give a shit

We are young and no more youth-approved
I am sorry I know we shouldn't
But we'll start to live already
We are young and no more youth-approved

You'll realize that all of us thwart you
We'll start to live already
Yeah

We are young and no more,
Young and no more,
Young and no more youth-approved
We are young and no more,
No young and no more,
Young and no more youth-approved

We are young and no more,
Young and no more,
Young and no more youth-approved
We are young and no more,
Young and no more,
Young and no more youth-approved
