That's my clumsiness
It's something vexing, but
I can't give up yet, right?

But as for the absent-mindedness within these dreams
It will clear away like a lifting fog

Until I take this step forward
Until I take another step after
I'll continue carefully
Moving forward
At my own pace

It was a small room, but
It was full of ambition
One by one, unsaid was...

Each area, each life
But then, that's what tied everyone together

Because there are these tears
They will become my next step
I understand it perfectly
I am going forward
To the origin of "radiance"

Because there are these tears
They will become my next step
I understand it perfectly
I am going forward
To the origin of "radiance"
