[Pozz/Machwitz/Pozz]

Hear the sounds, fell the light  
As you wanna go out tonight  
Oh you're crying and were sighing  
The love you gave has turned to grey  
Let him go dance the night  
Feels like dying and were sighing

We give you strength to carry on  
Hear this tune you're in this song  
Oh its good to you  
But we love you

[Chorus]  
Dark night over paradise  
Don't worry its ok  
Don't worry baby hold you tight  
Dark night over paradise tonight  
and you wonder why

so dry your tears  
you're not alone  
go put the stamp in the danger zone  
no more crying  
no more sighing

[Chorus]

[Bridge]  
We know its never easy  
When your love lies in the shade  
And maybe after the curtain falls  
and the glitter fades

[Solo]

[Chorus]
