[Boulton/Zito]

Supposed to jump all the time  
We give too much, is that a crime  
These things we do spin around in my mind  
I wanna know what I've got to do  
In love one minute and then were through  
Oh I tried so hard, tried so very hard

[Bridge]

Got to give it time  
Either way its war  
Always crossing the line  
Maybe one more time

[Chorus]

Love and hate  
On the borderline  
Love and hate  
Such a thin line  
Love and hate  
On the borderline  
Love and hate

Always so easy to fight with you  
Got the scars to prove it too  
Once you cross that line, you've gotta hold on to your  
pride  
Mixed up feelings, that's true  
Raw emotions rising too  
Oh foolish pride, never say never again

[Bridge]

[Chorus]

[Solo]

[Chorus]
