[Boulton/Wright]

I ain't talking about love baby  
I ain't talking jive  
I saw your reflection in my beer glass  
You were trying to stay alive

[Bridge]

We were made for each other  
Never be another  
Oh it's just those simple things  
That get me ready to roll

[Bridge]

Lovin' you is an easy thing to do  
I never knew you felt the same way too

The way you move just drives me crazy  
You're a smooth operator  
You're dancing, romancing  
There's no second chancing  
Your love bites like an alligator

[Bridge]

[Chorus]

[Solo]

[Bridge]

[Chorus]
