[Boulton/Zito]

Just when you thought that it was safe  
Spin me round back in the race  
I'm the runners gunning for you  
We have doubt were gonna win through

Take my hand and I'll lead you astray  
Promised this then never pay  
I thought life was easy  
Then I learnt the rules

[Bridge]

We can take it  
We can give it too  
We can take it  
And give it to you

[Chorus]

Watch your step  
Keep In line  
On your guard 'cos were right behind  
Watch your step  
Keep in line  
On your guard 'cos were right behind

No place to hide now you feel disgraced  
Man & mouse, face to face  
The lack of justice, the truth wins through  
I found you out, you play to use

All the lies and the cheating  
This is your judgement day  
I thought that life would be easy  
Now it's time to pay

[Bridge]

[Chorus]

[Solo]

[Chorus]
