[Charles Bukowski] Born like this, into this As the chalk face smiles, as mrs. death laughs As political landscapes dissolve As the oily fish spit out their oily prey We are born like this, into this Into hospitals that are too expensive that it is cheaper to die Into lawyer who charged so much that it is cheaper to plead guilty Into a country where the jails are full and the madhouses close Into a place where the masses elevate fools into rich heroes Born into this, walking and living through this, dying because of this Castrated, debauched, disinherited, because of this The fingers reach toward an unresponsive God The fingers reach for the bottle, the pill, the powder We are born into this sorrowful deadliness There will be open and unpunished murder in the streets It will be guns and roving mobs Land will be useless Food will become a diminishing return Nuclear power will be taken over by the many Explosions will continually shape the earth Radiated men will eat the flesh of radiated men The rotting bodies of men and animals stink in the dark wind And there will be the most beautiful silence never heard Born out of thatThe sun hidden there awaiting the next chapter [DOOM] DOOM from the realm of I-kalum smelly gel fume Separating cell womb to melly melly boom Revelations in brail respirations inhale View nations fail and shaking of a snake tail make due Blazing swords trace the haze praise the lord Saving grace lace your broads she say she bored A crazy straw ink and stale dry parafinCandy coat crap rappers pale by comparison A batch of marrying averaging above average men Rancid rants having rambling savages scavenging For scraps perhaps road kill if that Gift to gad and he flowed ill crome stiff hat Known for writing lightning tight lines Chief and beefing being of deep ends deep this even Dimes quiet as mines by design mighty fine Slight rewind tightly bind blind lead blind Need mines now that was this is thenListening to sizzling official tens whispering him again Medal face finster playing with the dirty money Sinister don't know what he saying but the words be funny Major vet spaded through the vest with a bayonet Save your
