[Intro] So we're gonna stand on perimeter We did have some shots fired right down the street on us while this was goin on, so we gotta set up a tight perimeter We got the streets blocked off to make sure we don't have any drivebys on us Other than that, the operation went, fairly well... [Doom] Who told you that? Rolled through, BRRRAT Old to the new knows who hold the hat Custom tailored fitted, head stayed same size Big since first born, well spree to game wise Same guys, same disguise, sick aim eye stare A thick dame thighs, click claim prize And the lucky contestant was sent a whole year's supply of buckets of yucky excrement Digital format, provide the ROM Riot calm, flow was like a roadside bomb Flipped the Humvee, impact was limb-numbing Cameraman wig back, gunner screaming INCOMING RPG, rhyme propelled grenade Time to yell, scramble for cover in the shade Bright as the midday sun, then it fade Darkness come quick, some run and get sprayed Rot dead, hot lead, it's rainin Left 'em with they brains kicked in with they trainin Dragged the remains into the open by the bootstraps Dogtag attached to explosive human booby traps Where's air support, ears ringin, mortars whistlin Bloodshot vision after thought abort mission Too little too late, as the last man gushed Took no prisoners mused, rap ambush {MURDALIZING SUCKER EMCEES~!}
