Cause I live to get lost on lazy afternoons with you
And what I'd give for any cause
To turn a day into a few.

Cause just one kiss is all I need.
Take my hand and let me lead
Far away to an empty place.
I live to see your face smiling back
At me after kissing you.
Got a trick right up my sleeve
If I'm missing you.

Cause I need to do to is close my eyes
And you'll be right by my side.
Cause I need is you.
You're in my mind, everything's gunna be alright.
Cause a thousand miles wouldn't keep me
From seeing you.
(Seeing youâ€¦)
A thousand miles wouldn't keep me from seeing you.

So if I only have one day left in my life
I'd make you my wife.
I'd take your hand
Fly to the warm sand.
That would be grand.
And in my last few hours,
I'd find you some flowers.
And for once, I wouldn't need my guitars
Cause right now I'd rather be in your arms.
Yeah you heard it right,
I wouldn't need my guitars.
I'd rather be in your arms.
You're right, you can keep my guitar.
I'd rather be in your arms.

Cause all I need to do is close my eyes
And you'll be right by my side.
Cause all I need is you - you're in my mind.
Everything's gunna be all right.
Cause a thousand miles wouldn't keep me from seeing

you.
I said, a thousand miles wouldn't keep me from seeing
you.

Cause all I need is you, you're in my mind.
Oh yeah.
Cause all I need to do is close my eyes
And you'll be by my side.
All I need to do is be with you.
Everything I do - I do it, girl, for you.
