If I had a plane, where would I fly to?  
If I had to use my brain for something else, tell me  
what would I do?  
And if I had a strange conversation with a lady in a  
waiting room,  
About leaving all this doom and gloom.  
If you could be anywhere, then where would you be?  
If you could be anywhere, would you be there with me?

If I could be anywhere, I'd be there.  
If I could be anywhere, I'd be there with you, girl.

If I had a clue, I'd know exactly what to do  
If I had a way to let you know where I wanted to go  
And if I had a strange conversation with a lady in the  
street  
Telling me to move my tired feet.  
If you could be anywhere, then where would you be?  
If you could be anywhere, would you be there with me?

If I could be anywhere, I'd be there.  
If I could be anywhere, I'd be there with you, girl.

Take my chances, fake my glances, wake those  
answers, anywhere, but  
Take my chances, I'll fake my glances, wake those  
answers,  
Anywhere but here... {yeah}  
I'll do it anywhere but here... {Yeah}  
I'll do it anywhere but here.
