And I was woken by the thought in my head,  
Â«Time to see the world and get up out of this bed.Â»  
With feet to walk with and a little time to kill,  
I grab my guitar so I can go and chill  
Out on Box Hill, catch I will,  
Won't stop 'til I fall asleep.  
I'll take my time and relax in the sun  
Because I heard time flies when you're having fun.

And I've no idea  
Where that day gone went.  
Yet I know that it's time well spent.  
And I've no idea  
Where that day gone went.  
Yet I know that it's time well spent.  
Yeah.

And I remember sharing lips with her,  
The coming weeks were to be a blur.  
Cause time with her is like no other -  
She can make a winter's day feel like the summer.  
And it's oh so nice to have her alone,  
Cause you know I made her leave her mobile phone at  
home.  
The clock's ticking, but I don't mind  
Because there's no one else I'd rather share my time.

And I have no idea  
Where those weeks gone went.  
Yet I know that it's time well spent.  
And I've no idea  
Where those weeks gone went.  
Yet I know that it's time well spent.  
So I sing.

Reminded of the time in 1999,  
I started a brand new school.  
Behaved? I'd be lying.  
Cause you'll be finding me  
Round the back of that sports hall wall.  
Taking teachers through the bends

With our little sets of friends, yeah,  
We're about as focused as a broken camera lens.  
My first fight, my first fall for a girl.  
You know I - I wouldn't swap those few years for the  
world.

Cause I've no idea  
Where those years gone went.  
Yet I know that it's time well spent.  
And I've no idea  
Where those years gone went.  
Yet I know that it's time well spent.  
So I sing.
