Get Up

Get up, go down, do the job well
Be true to your heart

Get up, be fair, do your best yet
It's all you can do

Bridge:

& you'll find someday, when you're singin'
You'll find somehow in your way
& you'll find someday when you're thinkin'
You won't have so much to say

Get up, lay back, take your good look
That's your art form

(instrumental)
(repeat bridge)
(repeat verse 3)

Get up, look out, here's another day
Don't you waste it
