"HOT BUTTERED RUM"

Visit "[HOT BUTTERED RUM](#)" on MotoLyrics.com

Take a little sugar, just a little sugar

Take a little sugar, won't you mix it up fine?

Take a little butter, take a little butter

& some boiling water, won't you mix it up fine?

Take Jamaican rum now, that Jamaican rum now

Take Jamaican rum now, don't it make you feel fine?

(instrumental)

Take a little drink now, just a little drink now

That Jamaican rum now, don't it mix you up fine?

Take a little sugar, take a little butter

Take Jamaican rum now, won't you mix it up fine?

Take a little drink now, just a little drink now

That Jamaican rum now, don't it make you feel fine
