It's been a good day, it's been a good day
Ain't had no trouble upon my mind
It's been a good day, it's been a good day
Now I can see where, where I was blind

It's been a good day, I've had a free night
I'm only happy, I don't know why
It's been a good day, it's been a good day
Ain't had no trouble upon my mind

(female "ooh's" accompanied by sax; same pattern as verses)

I've got my worries, you've got your worries
You know you never stop payin' dues
But it's a good day, it's been a good day
Ain't got no trouble upon my mind

(female "ooh's" & sax, fading)
