"Next In Line"

Well I gave you my heart but you wanted my soul
Who's next in line?
Well I just couldn't take it, couldn't make it no more
Who's next in line?

Who's the lucky one this time?
Who's your latest flame?
Who's the pawn you will play with
Forcing all your pain?
Well I'm glad that I woke up, yes & I saw the light
Who's next in line?
Tell me, who's next in line?

(instrumental)
(repeat "Who's the lucky one," etc.)

Tell me, who's next in line?
