CHORUS:

Wo wo wo

Sometimes I think the 60s were better

We were all bound together, I thought that was true

& I know we can't go back

Yes I know we can't go back

But we'd better make sure that we never forget

Every generation thinks they've got the answer

Every generation thinks they've got the news

All I ever hear is Iran, coke & Nicaragua

We go round in circles just like monkeys in a zoo

(chorus)

I used to be against the war when I was younger

I used to carry signs that said "Love peace today"

All the little children that I'd meet, I'd tell them

"Just take all the guns & bombs & throw them all away"

(chorus)

(chorus, with instrumental taking place of lines 3 & 4)

(repeat chorus & fade)
