One in a million, baby she's my video girl  
True as a rainbow, baby she's my video girl  
Straight as an arrow, baby she's my video girl  
Video girl, video girl, video girl, oh yeah

She's my starlight production, baby she's my video girl  
& she's my Madison Square Garden, baby she's my  
video girl  
& she's my night on the town in Paris, baby she's my  
video girl  
Video girl, video girl, video girl, oh yeah

(instrumental)

She can change my channel with a flick of her finger  
Turn my hue from red to green  
She can change my program any time she wants to  
The most exciting woman I've ever seen

One in a million, baby she's my video girl  
She has the face of an angel, baby she's my video girl  
& she's the kind that you'd marry, baby she's my video  
girl  
Video girl, video girl, video girl, oh yeah

(instrumental)

(repeat & fade):  
Video girl, video girl, video girl, oh yeah
