Third from the sun, third from the sun
There must be others that are looking around
wanderin', wanderin', oh yeah, oh yeah
wanderin', wanderin', oh yeah, oh yeah

There on a place, play out in space
There must be others that are looking around
wanderin', wanderin', oh yeah, oh yeah
wanderin', wanderin', oh yeah, oh yeah

(instrumental)
wanderin', wanderin', oh yeah, oh yeah
wanderin', wanderin', oh yeah, oh yeah

Life on a star, oh what a star
There must be others that are looking around
wanderin', wanderin', oh yeah, oh yeah
wanderin', wanderin', oh yeah, oh yeah
