Went to my lover, Lord, baby just to take a ride  
You know, outside it's a beautiful day  
We went walkin', Lord, baby by the riverside  
She blew my mind in a beautiful way, yes she did

CHORUS:

W-O-M-A-N (Woman of the Year)

(repeat chorus twice)

She brings me red roses, fine wine in the summertime  
She brings me up in a time I'm down  
She brings me strawberries with my cherries in a  
Cadillac car  
She keeps my mind in the finer part of town, yes she  
does

(chorus, x3)

(instrumental)

When we get rich, Lord, baby I'll buy her the moon &  
stars  
To match the sunshine in her hair  
I owe her so much for the way I am today  
She makes me feel like I'm a millionaire

(chorus, x6)
