You Move Me

I like my coffee in the mornin', crazy 'bout my tea at night  
I like my coffee in the mornin', crazy 'bout my tea at night  
Don't get my sugar 3 times a day, ah you know I don't feel right

Oh I know my hound dog when I hear him bark  
Oh I know my hound dog when I hear him bark  
& I know my baby when I feel her in the dark

CHORUS (x4):

You move me, you move me, you move me, you move me baby

Well I'm here & I'm ready, baby; your move  
Have my bags by my knees, you know I'm ready to groove  
Even though I'm tired, I'm wearin', wastin' the wall  
Well I just can't seem, I just can't seem to leave you alone  
You know why

(chorus x4)  
(instrumental)

Well I'm a big kind of guy, you know I like to keep things new  
Well I'm a big kind of guy, you know I like to keep things new  
But I love you baby, when you call me the Loveable Q

(chorus x7)
