Eric, Ren and Jensen were activists
Heads loaded with theory, their hearts are filled with
passion
Shared the same left wing politics
Liked the same music, they were part of the protest
movement
Now, Anna presented herself as a feminist
Studied the way they talked and dressed
Fashioned herself an anarchist
Eric fell in love with Anna at the meeting of the crime
think conference
He didn't know it but Anna was an FBI informant

Eric fell in love with an FBI informant
Shared his dreams of revolution
Now he's sitting in solitary confinement
Be careful what you think
Be careful what you say
It might be used against you in court one day
Well Anna thinks she's a hawk
She's just a fucking snitch

The headlines called them the believers
Comparisons were made to a terrorist organization
Well Anna had the car, Anna paid the rent
Anna helped find the recipe to make the explosives
She encouraged her friends to follow through with their
plans
They were gonna build a bomb and blow up the Nimbus
Dam
Their conversations were being recorded
They didn't know it but Anna was an FBI informant

Eric fell in love with an FBI informant
Shared his dreams of revolution
Now he's sitting in solitary confinement
Be careful what you think
Be careful what you say
It might be used against you in court one day
Well Anna thinks she's a hawk
She's just a fucking snitch

Black suburbans and AR-15 rifles
Agents made their arrests in a K-Mart parking lot
Caught with the supplies for the bomb in hand
The three were charged with conspiracy against the
government
Ren and Jensen traded testimony in exchange for
leniency
Eric was sentenced to twenty years in the penitentiary
Eric, Ren and Jensen were activists
They didn't know it but Anna was an FBI informant

Eric fell in love with an FBI informant
Shared his dreams of revolution
Now he's sitting in solitary confinement
Be careful what you think
Be careful what you say
It might be used against you in court one day
Well Anna thinks she's a hawk
She's just a fucking snitch
