I sent you flowers today,
But they didn't get delivered.
The company charged me anyways.

I'm picking up bad habits.
I pick up new ones almost every day.
I pick 'em up while I'm on my way.

Most of the time I feel like I don't belong.
But I got my new favorite record today.
My favorites change every single day.
Except you,
You'll always be number one.

You are my future, you're my memories.
Please don't ever forget about me.
You mean more to me
Than any song.

I was asleep when you called last night.
You left a message,
But I didn't check it.
There's a distance between us
And that's not a metaphor.
It's just poetry from me to you, you know.

Most of the time I feel so uninspired.
But I got my new favorite record today.
My favorites change every single day.
Except you,
You'll always be number one.

You are my future, you're my memories.
Please don't ever forget about me.
You mean more to me
Than any song.

I got my new favorite record today.
My favorites change every single day.
Except you,
You'll always be number one.

You are my future, you're my memories.
Please don't ever forget about me.
You mean more to me
Than any song
