Heading for your great ambition score  
But all your glamourtrees are falling down  
Thank you for the great outdoors  
I'd invite you in but she won't let me get along  
With hygiene 5, what goes around, goes around

Going through it this way  
Going through it this way further

Ready to be late again, ready to be starting something

Famous greek on a weekly base and his  
Semi-girlfriend will not stay and she  
Reached her peak for the millionth time  
Today, why don't you ask her  
About her stay at Milton's house  
Where you don't go without a spark  
Of lemonsquash and all you gin  
Just read it out loud and throw it in

Hello hello I'm smarter then  
Your sister Jane and all her friends  
And I've been watching you

Hello hello I'm smarter then  
Your sister Jane and all her friends  
And I've been watching you

Just leaving it all for this time  
Going into maceland, I don't think and  
I don't brag about it

Just leaving it all for this time  
Going into maceland, I don't think and  
I don't brag about it

Hello hello I'm smarter then  
Your sister Jane and all her friends  
Light it up and lead it in and making sure and  
everything

Hello hello I'm smarter then  
Your sister Jane and all her friends  
Light it up and lead it in and making sure and  
everything

What goes around, will always come around  
But I don't intend to loose it  
What goes around, will always come around  
But I don't intend to loose it
