My friend is just raving on and don't you ever worry
And I still won't believe you, won't believe you when you
say
Nothing's wrong
This is no surprise, this is no surprise
And my friend's a supermodel
1.94 and maybe taller, right next to the winlows
And he knows just what it means, he knows just what it
means
To be special
Keep your mouth right open
Leave'm hanging from a rope and
Let them have you for a while
And I wanna see you naked
Keep your clothes on and we'll fake it
And don't you ever worry for now
Get yourself together because nothing ever happens to
me
But it makes no difference no, and you can have the
final word
But it makes no difference no, we'll just leave it there
And it's somebody else, over and out
It's somebody else, over and out
Keep your mouth wide open
Leave'm hanging from a rope and
Let them have you for a while
And I wanna see you naked, keep your clothes on and
we'll fake it
And don't you ever worry for now
Get yourself together because nothing ever happens to
me
Just like the ones you've seen and I will take you down
with me
But it makes no difference no, it's over
It makes no difference no, it's over
Over and out
