I got myself
by an obsession
It's on
another dimension
Don't need a whole
at protection
'Cause it give me
all I've been getin'
It give me life, hope,
dreams, golds, you know

You've got to give
a little a love,
give a little a love
Go on just do it,
you can't confuse it
Give a little a love give
a little a love
Go on and do it, Go!

Leaving in a world
when is plenty
So how
I come running and empty
When we been touch
by so many
And still
there's more without many
Without any life, hope,
dreams, golds, you know

We've got to give
a little a love,
give a little a love
Go on just do it,
you can't confuse it
Give a little a love,
give a little a love
Go on just do it, go!

You know you got to do
what you can

You know you got
to try to understand

You've got to give
a little a love, g
ive a little a love
Go on just do it,
you can't confuse it
Give a little a love
give a little a love
Go on and do it, Go!
