I know that it's late and I really must leave you alone  
But you're too good to hold that I feel such a long way  
from home  
Yes I know that our love is too new, But I promise it's  
going to be true  
Please let me stay and don't you send me away Oh no  
no

Aaahh

Tell me baby that you need me, say you'll never leave  
me  
Love me tonight  
Hold me now my heart is aching, until the dawn is  
breaking  
Love me tonight  
Something is burning inside, something that can't be  
denied  
I can't let you out of my sight, darling  
Love me tonight

Let me love you baby  
Let me love you baby  
Baby love me tonight

I've waited so long for the girl of my dreams to appear  
And now I can hardly believe that you really are here  
Here in my arms you belong, how can this feeling be  
wrong  
Darling be kind for I'm out of my mind over you

Aaahh

Tell me baby that you need me, say you'll never leave  
me  
Love me tonight  
Baby now the pain is stronger, I can't wait a moment  
longer  
Love me tonight  
Something is burning inside, something that can't be  
denied  
I can't let you out of my sight darling

Love me tonight  
Let me love you baby  
Let me love you baby  
Baby love me tonight

Love me To ni-i-i-i-ght!
