"My Prayer"

When the twilight is gone and no songbirds are singing
When the twilight is gone, you come into my heart
And here in my heart you will stay while I pray

My prayer is to linger with you
At the end of the day in a dream that's divine
My prayer is a rapture in blue with the world far away
And your lips close to mine

Tonight while our hearts are aglow
Why don't you to tell me the words
That I'm longing to know?

My prayer and the answer you give
May they still be the same for as long as we live
That you'll always be there at the end of my prayer

Tonight while our hearts are aglow
Why don't you to tell me the words
That I'm longing to know?

My prayer and the answer you give
May they still be the same for as long as we live
That you'll always be there at the end of my prayer
At the end of my prayer, at the end of my prayer
