She doesn't really want  
A things that you can never get  
Still every now and then  
Maybe she'll complain a bit  
Because she feels upset

She only wants you to tell her  
That you love her  
So if she wants you to  
Turn Winter into Spring

Promise her anything  
She's dreaming of  
Promise her anything  
She will be happy  
If she only gets your love

She had a lot of dreams  
And you can make them all come true  
'Cause all she really wants  
Is to know you care for her  
The way she cares for you

So why not promise her ruby  
Even diamonds  
She'd trade them all for  
A plain golden wedding ring

Promise her anything  
She's dreaming of  
Promise her anything  
She will be happy  
If she only gets your love

Oh, you can promise her the moon  
When the sun is bright  
And promise her the sun  
When you're out at night

Promise her the world and promise her  
Every wish is your command  
And you'll discover soon

She doesn't want the moon, just love will do

Promise her anything  
But don't you ever let her  
Get away from you

Oh, you can promise her the moon  
When the sun is bright  
And promise her the sun  
When you're out at night

Promise her the world and promise her  
Every wish is your command  
And you'll discover soon  
She doesn't want the moon, just love will do

Promise her anything  
But don't you ever let her  
Get away from you
