I was in the right place  
But it must have been the wrong time  
I'd of said the right thing  
But I must have used the wrong line  
I been in the right trip  
But I must have used the wrong car  
My head was in a bad place  
But I'm wondering what it's good for

I been the right place  
But it must have been the wrong time  
My head was in a bad place  
But I'm having such a good time

I been runnin' tryin' to get hung up in my mind  
Just got to give myself a little talking to this time  
Every little brain needs some surgery  
I've got to cure this insecurity

I been in the wrong place  
But it must have been the right time  
I been in the right place  
But it must have been the wrong song  
I been in the right vein  
But it seems like the wrong arm

I been in the right world  
But it seems wrong wrong wrong wrong wrong

Slipping, dodging ,sneaking  
Creeping hiding out down the street  
See me life shaking with every who I meet  
Refried confusion is making itself clear  
Wonder which way do I go to get on out of here

I been in the right place  
But it must have been the wrong time  
I'd have said the right thing  
But I must have used the wrong line  
I'd a took the right road  
But I must have took a wrong turn  
Would have made the right move

But I made it at the wrong time  
I been on the right road  
But I must have used the wrong car  
My head was in a good place  
And I wonder what it's bad for
